

## "Please Support HR 646, The Federal Acupuncture Coverage Act"

I am writing today to ask for your support for HR 646, The Federal Acupuncture Coverage Act. This bill will give health care consumers more choice by creating a qualified acupuncture option under Medicare part B, and will provide for coverage of services under the Federal Employees Health Benefits Program.

I am also asking that you join others in Congress in cosponsoring HR 646 or sharing with your colleagues in the Senate the introduction of a companion bill.

Acupuncture is safe, effective and economical. It is one of the fastest growing health care choices in the country, with a strong focus on prevention. The passage of HR 646 will benefit thousands of people in our community who rely on acupuncture treatment.

Thank you for your attention to this important matter.
