

"Breaking News: Shipping For Soldiers"

Currently, members of Congress have the ability to ship packages for free, as a perk of their employment.

Months ago, we began a movement to make sure that the same courtesy was extended to our heroes fighting overseas. Initially, the measure was accepted by the Democratic leadership, but it did not last long.

The Democratic Party has stripped the free mail for GI's provision from the appropriations bill, which past petitioners helped create.

However, 20 million dollars will be included for an educational center named for Ted Kennedy.

Congressman Gus Bilirakis has 241 signees who still support the measure, enough to pass it in the House, if he can get Speaker Pelosi to bring it to the floor.

The Congressman will also be lobbying Senators to pass it in the other House of Congress.

Once again, we need your help. Please take a moment to fill out the petition, which will automatically send letters of support to your member of Congress.

The Democratic Leadership stripped the mailing free and added all sorts of personal pork projects, all while they enjoy free mailing.

Shouldn't they offer the same to our fighting, and dying, soldiers overseas?

Please put the "Shipping for Soldiers" funding back into the Defense Appropriations Bill, they deserve it.

Thank you.

We have sent 993 letters to Congress so far. Please join us!
