

## "Tell Congress We Want a Federal ID System to Prevent Voter Fraud"

We demand that congress immediately begin the process of creating a federal ID system to prevent voter registration and voter fraud!

The current system with individual states running their own election offices is not working as is more than evident given the current investigations of voter registration and possible voter fraud!

Maintaining an honest and fair election process should be one of this nations highest priorities!

*We have sent 413 letters to Congress so far. Please join us!*
