

"Tell Congress That You DO NOT Want Amnesty For Illegal Aliens"

We the people demand that our congress uphold our current immigration laws!

We DO NOT want amnesty for people who break the law and come into our country illegally.

We want our borders secure and constant flow of illegal aliens coming into our country stopped, immediately! We want congress to build our border fence and take the necessary actions to ensure that our borders are safe and secure! This is our first line of defense in our war on terror!

We want congress to ensure that all states enforce and abide by our current immigration laws and that illegal aliens are deported from our country immediately. We expect that any business or citizen who hires anyone who is an illegal alien should be held accountable to the highest extent of the law. No one deported as an illegal alien should ever be eligible to become a Naturalized American Citizen under any circumstance. While we welcome anyone who comes into our country legally--we will not reward people who violate the laws of our land! NO AMNESTY for illegal aliens!

All illegal aliens are to be deported immediately! In the event an illegal alien has come into our country illegally and produced a child. It is up to that family to decide whether or not that child returns to their home land or remains in the USA. Anyone born on American soil is an American. The birth of a child on American soil does not provide automatic citizenship for the parents of that child. While it is tragic that a family may end up split up--this was the risk that was taken by breaking the law and coming here in the first place.

In the event an illegal alien is recaptured a second time (after an initial deportation) he/she should spend a minimum of ten years in a maximum security prison without a chance of parole. Upon release they should immediately be deported, again. If they are captured for a third and final time then they should spend the rest of their life in prison with no chance at parole. Everyone captured as an illegal alien needs to be made aware of these policies so that there is no misunderstanding about what will happen if they break the law and enter the country illegally, again.

No illegal alien should ever be eligible for any state and/or government service or benefit! This includes FEMA, welfare, food stamps, Medicaid, etc.

We need to send a message to all people that we will not tolerate anyone who does not abide by our laws!

We have sent 507 letters to Congress so far. Please join us!
