

"Tell Congress NO to closing GITMO!!!"

We the people of the United States of America demand that...

- 1) GITMO will remain open until such time as this administration brings forth an acceptable alternative for detaining terrorists!
- 2) This plan must not include bring terrorists into our nation. Bringing these terrorists into the United States of America will place a target on the cities within which they would be housed.
- 3) These terrorists are not American Citizens--they are prisoners of war and should be treated according to the Geneva Convention.
- 4) If there is a legal reason that (lack of evidence or clear proof that they were not involved in terror)a terrorist needs to be released then they must be returned to their OWN countries. If for any reason their own country will not accept them back then they need to remain in GITMO.
- 5) Under no circumstances should any terrorists or detainee ever be released in the United States because his/her country would not take him back or for any other reason. These people came into our nation and slaughtered innocent Americans and World Citizens.

Bringing terrorists to America is not acceptable under any circumstances!
