

## "Tell Congress To Support The Social Security Fairness Act of 2007"

Bill HR 82 was introduced to repeal the very unfair laws of Social Security, the Government Pension Offset (GPO) and the Windfall Elimination Provision (WEP).

Nine out of ten public employees affected by GPO lose their entire spousal benefit even though their spouse paid Social Security payments for many years. The WEP causes hard-working people to lose benefits they earned themselves, yet bills have been introduced to give Social Security to those who have never paid into Social Security. People who have worked and dedicated their lives to public service are now being unfairly penalized. Please contact your members of Congress and urge them to support this crucial legislation today.
